THE DRAUGHT BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A tall complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Draught Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Draught Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Draught Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.

I have used The Draught Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints.

WHEN THE TIDE TURNED

By MARIE AVARY

Copyright, 1902, by McClure's Newspaper Syndicate.

The fresh sea breeze gave Acton

Davis a saucy "good morning" as he

sauntered out on the porch. It blew

Betty Fagan's yellow curls aureole wise

round her face. She looked up joyously.

"Lazybones, are you here at last?"

she cried merrily. "I have been wait-

ing for you for ever so long."

Davis sat down beside her on the

step and looked at her with good hu-

mored tolerance as he said lightly,

"What do you want this morning,

child?"

The girl detected the superiority in

his tone. A flush rose to her cheeks,

and her voice had a plaintive ring as

she said, "Children are so unreasonable

and want so many things, don't they?"

Then, with swift return to her former

bantering, "These are my commands;

so read, mark, learn and inwardly di-

gest, as the prayer book puts it. I

want you to promise to take me to

Hazard rocks this afternoon."

A shade fell on the man's face. She

went on hastily: "I've wanted to go all

summer, and now summer is almost

over. You promised you would take

me if I was very, very good, and oh,

it will be so lovely to scramble along

the shore and find long strands of

strange seaweed and come upon un-

expected pools full of jelly and star

fish! Please take me. I will be good."

Her eyes were shining and her cheeks

pink with excitement as she bent to-

ward him pleadingly.

The man hesitated as if fearful of

palming her by a refusal. He seemed

solely intent in watching the white-

caps in their mad race for the shore.

Then he said brusquely: "No, I won't

take you. I ought never to have prom-

ised, and so I take it back. You are

quite too foolhardy to venture in so

dangerous a place. You would be sure

to fall on those treacherous, slimy

rocks, and then—

CITY OFFICIAL PAPER.

RAIN NEEDED.

Hay and Grain Crop Will be Short in this Valley.

Hay and grain is in need of moisture in this valley and if there are no showers this month the crop will be very light. A good rain within a week, however, will do much toward maturing both hay and grain. There has been less rain in this section than has been known for years during the months of April and May.

The vineyards, which are looking fine, would also be benefited by a few showers and the same may be said of fruit of all kinds and vegetables.

Doors, windows, blinds, etc., at John Cavanagh's slumber yard, East Petaluma.

The final account of the estate of the late County Clerk Somers B. Fulton has been settled and distribution ordered.

Ex-Superior Judge Dougherty was in town last Wednesday evening and attended a meeting of the City Trustees on behalf of the taxpayers and a majority of the Board.

Girls wanted for house work in San Rafael. Good wages in the best of families. Apply by letter or in person to Independent Employment Agency, San Rafael.

Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

Humboldt shingles, shakes, lath, mouldings and mill work at John Cavanagh's slumber yard, Washington street, East Petaluma. Money saved by sending your orders there.

Hay is quoted by Somers & Co., San Francisco, from \$10 to \$14.50 per ton according to quality. If the drought continues much longer hay will be hay and it will take a big jump.

Humboldt redwood and Oregon pine lumber at John Cavanagh's slumber yard, Washington street, East Petaluma. Laid down in the Sonoma Valley for less than San Francisco prices.

City Trustee Pinelli, and a member of the late Grand Jury, was again on the witness stand in the Superior Court of this county, last Tuesday where the preliminary examination of County Physician Shearer and ex-District Attorney Webber is being held on an alleged charge of embezzlement.

City Marshal Albertson accompanied Charley Bull to the County Hospital, Santa Rosa, Monday. Bull is a half-breed Indian, a teamster by occupation and was born and raised in this valley. He is suffering from consumption and being without friends or money he will probably be an inmate of the hospital the rest of his days, which are apparently numbered.

Two entertainments will be given in Union Hall, May 14th and 15th, under the auspices of the Ladies Aid Society of the Congregational church. The first to be given will be under the direction of Miss Cook, and will be participated in by the children. The second will be a musical directed by Miss Hope, who will be assisted by Miss Willie C. Finley of Santa Rosa, Miss Mable Craig of San Francisco and others. Admission 25 cents, children 10 cents.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of Hood's Sarsaparilla.

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see as well as ever." Scribe A. Haines, Withers, N.C.

Hood's Sarsaparilla promises to cure and keeps the promise.

A GENEROUS OFFER.

The People of Lakeville Know How to Pull Together.

The people of Sonoma ought to put away their hammers and emulate the example set by the people of Lakeville, the home of Supervisor Blair Hart and County Assessor Dowd. On Monday a large number of the residents in that road district filed a petition with the Board of Supervisors, which speaks well for their public spirit and generosity.

The petition asks that the Supervisors accept as a public road what is known as "Mallen's Lane," running from the county road at Lakeville to the line of the Fair ranch on what is known as the ridge road. The generosity is shown in the fact that certain of the property owners, namely, Messrs. C. A. Bodwell and John Koch, and Mrs. Margaret Mallen are willing to deed the land for rights of way. In addition, through Supervisor Blair Hart, in whose district the new road is located, Messrs. H. G. St. Clair, K. H. Ingram, T. Mackay, Chas. McIntosh and Mrs. E. Russell, have offered and promised to pay into the Lakeville road district fund the sum of \$1000 to be known as the ridge road in proper shape. They offer this donation in a letter, which was also filed in the Supervisors' chamber and addressed to the board.

Annie Fischer's Assailant Arrested.

Jasper Alvarado, the love-crazed swain, who assaulted Miss Annie Fischer of this place with a knife in San Francisco, last January, is now behind the bars of the City Prison of that city and will have to answer for his crime.

It appears that Alvarado, who was very much in love with Miss Fischer, persisted in forcing his attentions upon the young woman. One day last January he lay in wait for his intended victim, and as she was returning to her lodging-house after finishing her work in Levi Strauss & Co.'s factory, Alvarado viciously assaulted her with a knife. In attempting to protect her throat and face from the keen blade of the weapon Miss Fischer's hands were badly slashed in four places. After the cowardly assault Alvarado disappeared and could not be found by the officers.

Several weeks ago the wretch returned to the city and on Friday night last week forced his way into Miss Fischer's home, and fearing a repetition of the episode of last January, she fled from the house to police headquarters and had Alvarado arrested on the old charge.

Lecture on Prohibition.

Mae Guthrie Tongier, the eminent W. C. T. U. lecturer, begins her work in Sonoma and Mendocino counties with two meetings in Santa Rosa on Tuesday and Thursday, May 5th and 7th, and will take in almost every town and hamlet in the county during the present month. Mrs. Tongier will speak in this place on the 27th inst. This will be Mrs. Tongier's first visit to Sonoma, but her reputation as a speaker has already preceded her and the local workers are making careful preparations for her coming. Mrs. Tongier's meetings are all free, but free will offerings for the work are taken. All above expenses are to be used in a State wide agitation in the Prohibition movement.

CITY TRUSTEES

The management of the city's affairs has fallen into the hands of those detrimental to its best interests, and each monthly meeting night has witnessed the disgraceful spectacle of two Trustees overriding the will of the people and a majority of the Board by unpatriotic conduct and balloting tactics. The meeting Wednesday was no exception to the rule, and presiding officer Poppe, assisted by Trustee Breitenbach, again succeeded in thwarting the will of a majority of the Trustees by unfair and unheard of rulings and casting a vote on all questions, which he has no right to do except in case of a tie. But it makes one tired to write about these things. The fact of the matter is the people of this town have no rights which these two obstreperous and irresponsible Trustees are bound to respect.

Ex-Superior Judge Samuel K. Dougherty of Santa Rosa was present at the meeting and was a silent listener to the proceedings. He was there in the interests of Trustee Hotz, Cucci and Pinelli, constituting a majority of the Board, and if presiding officer Poppe still persists in arrogating to himself all the functions vested in a majority of the Board of City Trustees, he will no doubt be mandamused, brought into court and in all probability deprived of his office.

A resume of the proceedings of the Trustees follows:

With Trustees Hotz, Cucci, Pinelli and Breitenbach present and presiding officer J. E. Poppe in the chair, the Board got down to business.

After the minutes of the previous meeting had been read and approved, the following bills, several of which smack of nepotism with a big "N" were allowed and ordered paid:

Louis Breitenbach, gravel, etc.	\$48.00
H. P. Pooler, hydrants	2.50

A communication from the Woman's Club, in reference to the Trustees cleaning the Plaza and putting it in a presentable shape, was disposed of on a motion by Trustee Breitenbach, who moved the communication be placed on file.

On motion of Trustee Breitenbach the Woman's Club was granted the privilege of giving a public Fourth of July celebration on the Plaza.

Ordinance No. 72, fixing the water rates for the city for the year beginning July 1st, was passed unanimously. This ordinance should have received the attention of the Board last February.

The Clerk's annual and semi-annual reports, showing the financial condition of the city, having been found correct by the Finance Committee, were ordered published one time.

The following resolution was then introduced by Trustee Hotz, who moved its adoption. Receiving a second from Trustee Breitenbach, presiding officer Poppe took his cue, put the motion and the resolution went through:

WHEREAS, L. E. Ricksecker, a competent surveyor of Sonoma county, having at the request of the Board of Trustees of Sonoma county carefully surveyed the tract of land belonging to said city known as the Mountain Cemetery and permanently located the boundaries thereof, and furnished to the Clerk a map of said cemetery and a full description of the boundaries thereof, it is

Resolved, That the said map be adopted as the official map and the said description as the official description of the boundaries of the said Mountain Cemetery of the City of Sonoma.

The street sprinkling bids were then opened and read by Clerk Small, as follows: L. Breitenbach, sprinkling per day, \$2.914; J. W. Staleman, \$2.94.

On motion of Trustee Hotz, which received a second from Trustee Cucci, the contract was let to L. Breitenbach, he being the lowest bidder, street sprinkling to be commenced on the 16th inst.

On motion of Trustee Breitenbach, all the grass on the Plaza was given to L. Breitenbach, who will cut it for hay.

On motion the Clerk was instructed to post notices calling for bids for cleaning the grass from the streets surrounding the Plaza and the walks in the same; also, for cleaning certain ditches, bids to be in the hands of the City Clerk not later than 8 o'clock on the evening of May 16.

The Fire and Water Committee were authorized to have three fire hydrants repaired and to purchase a new hose coupling.

Otto Rufas, representing Mrs. Minna Leiding, owner of the Union Hotel property, was granted permission to place a sidewalk over the ditch alongside the hotel on First street West.

On motion of Trustee Breitenbach the Clerk was instructed to advertise for bids for doing the city printing for one year from August 6, 1903.

The following resolution was introduced by Trustee Hotz and carried:

WHEREAS, A. Pinelli has cut about twenty-eight cords of wood on land belonging to the City of Sonoma, namely, on the Mountain Cemetery; and

WHEREAS, said wood was cut by Mr. Pinelli under a misapprehension of his right to do so, and under a claim of right to do so, therefore be it

Resolved, That Mr. Pinelli be permitted to haul the same away from such premises, upon his paying to the City Treasurer the sum of \$1.50 per cord; and that he be absolved from all liability to the City of Sonoma.

The following resolution was then introduced by Trustee Hotz, who moved its adoption:

WHEREAS, The Meridian Hydro Arc Light Company has been permitted to place five of their arc lights within the limits of this city on trial and approbation, be it

Resolved, That the same have not proved satisfactory to the City, and their removal be ordered; and that the City Clerk is hereby directed to notify said company of this resolution, and that the same five lamps be removed hereat their own risk, and that unless removed within thirty days the Marshal of this city remove the same as a nuisance. Be it further—

Resolved, That said lamps and each of them be a public nuisance, and unless removed within thirty days after notice of this resolution has been given to the Meridian Hydro Arc Light Company, that the Marshal abate the same by removing them.

This resolution got no further than a second from Trustee Cucci, when it was smothered by Trustee Breitenbach, who made a senseless point of order that the resolution was unnecessary and uncalled for on the grounds that the city assumes no responsibility. Trustee Breitenbach's "point of order" was of course sustained by presiding officer Poppe.

Trustee Hotz appealed from the decision of the chair, with the following result: Against the chair's rulings—Trustees Hotz, Cucci, Pinelli. For—Trustee Breitenbach.

President Poppe then voted to sustain his own ruling and by so doing furthered the conspiracy entered into with Trustee Breitenbach months ago to shut off the electric street lights, keep them shut off and upon the town to darkness to the detriment of its business interests. Having gained his point President Poppe declared the meeting adjourned.

Broke His Collar Bone.

Joe Keechler, the little son of Joe Keechler, foreman of the Pacific Reclamation Company's ranch, near Schellville, met with a painful accident last Wednesday. While playing in the San Luis school yard the lad slipped and fell, breaking his collar bone. Dr. G. D. Rich's services were called into requisition and the little fellow is now getting along nicely.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept on hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. Jack Kenny and Chas. Malloy, members of the San Francisco fire department, are registered at the Bellevue.

John Serres, the popular proprietor of the Bellevue Hotel, made a business trip to San Francisco last Monday.

E. P. Lounibos, owner and mixologist of the "Exchange Saloon," made a business trip to San Francisco Wednesday.

Michael J. Mullen, of this place, will go to San Francisco next week, to see the President and to witness the launching of the United States cruiser Tacoma.

There are now about 300 summer visitors in town, and it is reported that another large hotel is to be built by some San Francisco business men.

Rumor has it that two of our young people are about to commit matrimony. We wish them good luck, and hope the "invites" will soon be out.

Felici Clerici made a trip to San Francisco early last week to buy a piano for his saloon. He also hired a piano player, who will arrive on Sunday morning.

"The El Verano Twirlers" is the name of a baseball club that is being organized here. Within a week they will be ready to cross bats with any team in the county. They'll play for money, marbles, or glory, and prefer the Sonoma nine for the first game.

Mike Weimer, the Bellevue Hotel barber, went to Petaluma Tuesday, to play the races—and the people, too. He won five hundred dollars in a few hours, and brought it all home with him. Mike has been "setting 'em up" for the boys all the week, and thinks he will go to San Francisco Sunday, to spend the rest of his winnings.

Mr. M. Murphy, boss painter of the Union Iron Works, came up from San Francisco Saturday forenoon, and spent Sunday at Lone Star Camp. Mr. Murphy was accompanied by his assistant, Eddie Egan, who made quite a hit with our "summer fairies" last year. They will return Saturday night to attend the opening of the Agua Caliente Springs.

Billy Gill, the well-known Lieutenant of Engine No. 10 of the San Francisco fire department, was a guest at the Bellevue Hotel Sunday. Billy is the proud owner of a fifty-dollar Panama hat, and properly thought a loud place like El Verano a fitting field for sporting the loud *chapeau*. He was accompanied by Mr. J. Butler, and they returned on the afternoon train.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A Bath at Tidis.
To take a bath at Tidis is to court a wonderful experience. Abundant springs of water, strongly impregnated with sulphureted hydrogen, supply the building, and in its vaulted chambers, far below the street, there is no sound but the splash of the fountain and the rolling echo of one's own voice. Henry Norman gives a description of the masseur who presides over the bath and makes its most eccentric feature.
"He is a Persian, who speaks but a word or two of Russian. His head is shaved, a rag is twisted round his waist, and his feet are dyed orange.
"First he rubs you, and then suddenly, as you lie face downward on the marble slab, he is upon your back, his feet dug into your spine, his hands grasping your shoulders, to increase the pressure. Slowly, with skillful appreciation of every muscle, his feet grind up and down your back. They encircle your neck. They are on your head.
"Then he vaults lightly off, and in a moment from a linen bag filled with soap he has squeezed clouds of perfumed bubbles, and you are hidden in them from head to foot as completely as if you had fallen into a snowdrift. You are not absolutely bruised, but you are clean."

Sweetness That Never Fails.
During a sleepless night the Vizier Mujeddudin Kumija dispatched his slave, Bedruddin Ejas, to bring him sweets. The slave procured a copper kettle heaped with many kinds of fruits and sweets, and Mujeddudin began to eat.
"You relish them, my master?" asked the slave.
The vizier shrugged his shoulders. "These fruits are sweet—for the moment," he said, "but show me a fruit the sweetness of which will endure even unto the judgment day."

"Such fruits there are, my master," cried the slave and hastened toward the Mesched Husa, where he awoke the starving orphans in the house of Alvin and led them forth and into the room of his master. Overjoyed, the famished children devoured the fruits.
"Look, oh, my master," said the slave. Here you see fruits the sweetness of which endures unto the judgment day."—New York Press.

Betrothal Customs.
The Scandinavian bridegroom presents to his betrothed a prayer book and many other gifts, which usually include a goose. She in turn gives him, especially in Sweden, a shirt, and this he invariably wears on his wedding day. Afterward he puts it away, and under no circumstances will he wear it again while alive. But he wears it in his grave, and there are Swedes who earnestly believe not only in the resurrection of the body, but in the veritable resurrection of the betrothal shirts of such husbands as have never broken any of their marriage vows. The Swedish widower must destroy on the eve of his second marriage the bridal shirt which his first wife gave him.

So Boil Water Without a Kettle.
"My wife and I," says a traveling man, "were once in a hotel where we couldn't get any boiling water. After we had discussed the situation my wife asked me if I had an envelope in my satchel. I got one out, when she told me to fill it with water and hold it over the gas jet. I hesitated, but finally did it and expected to see the envelope blaze up every minute. But it didn't blaze. The envelope took on a little soot, but that was all. The water boiled in time, and the envelope was as good as ever when the experiment was at an end. I don't know the chemistry of the process, but try it yourself and see if it will not work."

The Oriental Amethyst.
The oriental amethyst is really a violet colored sapphire, which is an exceedingly rare gem and of brilliant luster. It is regarded as a sacred stone, and it is used to ornament the cross and the pastoral ring of Catholic bishops. The ancients often used the amethyst for cutting figures both in relief and in intaglio, and there is in the national library of France a delicately wrought profile of Maccenas, a Roman statesman of Octavian's time, engraved on amethyst by Dioscorides, one of the four celebrated engravers mentioned by Pliny.

Caught the Students.
There was formerly a barber in Harvard square who caught the university custom with this classic appeal which some friendly patron suggested:

Siste, viator,
Submitte collum tonsori
Et abbi alter Adonia.

"Traveler, stay, submit your neck to the barber and depart a second Adonia."

Businesslike.
"Some people," said the caller with a slight sneer, "seem to think that signing checks is the most important thing in life."
"I know it," rejoined Senator Borah, "and it's a mistake, my son; a sad mistake. Getting the money in bank in the first place is what counts."—Washington Star.

Agreed on One Point.
"But I am so unworthy, darling," he murmured as he held the dear girl's hand in his.

"Oh, George," she sighed, "if you and papa agreed on every other point as you do on that how happy we could be!"

Superstitious.
"What! Did you let the examinations go by again, Carl?"
"I'll tell you, father. On the way to the college I met an old woman, and then I turned back again."—Pilegunde Blatter.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." DEAFNESS CURED

Louisville Man Originates a Simple Little Device that Instantly Restores the Hearing --- Fits Perfectly, Comfortably and Does Not Show.

190-page Book Free---Tells

all About It.

Since the discovery Louisville a "man" it is no longer necessary for any deaf person to carry a trumpet, a tube or any such old-fashioned device, for it is now possible for any one to hear perfectly by a simple invention that fits in the ear and cannot be detected. The honor belongs to Mr. Geo. H. Wilson of Louisville, who was himself deaf, and now hears as well as any one. He calls it Wilson's Common Sense Ear Drum, is built on the strictest scientific principles, containing no metal of any kind, and is entirely new in every respect. It is so small that no one can see it, but nevertheless it collects all sound waves and directs them against the drum head, causing you to hear perfectly. It will do this even when the natural ear drums are partially or entirely destroyed, perforated, scarred, relaxed or thickened. It fits any ear from childhood to old age, and aside from the fact that it does not show, it never causes the hearer irritation, and can be used with comfort day or night.

It will cure deafness in any person no matter how acquired, whether from catarrh, scarlet fever, typhoid or brain fever, measles, whooping cough, gathering in the ear, shocks from artillery or through accidents. It not only cures but stays the progress of deafness and all roaring and buzzing noises. It does this in a simple, sure and scientific way. The effect is immediate.

Let every person who needs this, at once send to the company for its 190-page book, which you can have free. It describes and illustrates Wilson's Common Sense Ear Drum and contains many bona fide letters from numerous users in the United States, Canada, Mexico, England, Scotland, Ireland, Wales, Australia, New Zealand, Tasmania, India. These letters are from people in every station of life, clergymen, physicians, lawyers, merchants, society ladies, etc., and tell the truth about the benefits to be derived from the use of this wonderful little device. You will find among them the names of people in your own town or State, and you are at liberty to write to any of them you wish and secure their opinion as to the merits of the only scientific ear drum for restoring the hearing to its normal condition.

Write to-day and it will not be long before you are again in hearing. Address, for the free book and convincing evidence, Wilson Ear Drum Co., Todd Building, Louisville, Ky., U. S. N.
